4. Sew an "A" to each end of the remaining two units created in Step 2.

5. Sew one of the units created in Step 4 to the remaining edges of "D", making sure that the green "arrows" point away from "D".

6. Repeat for a total of four blocks.

Block 2: Make one block.

1. Sew the long edge of a"G" to each short edge of "F". Repeat for a total of eight.

4. Sew the long edge of "K" to the top right edge of the unit created in Step 3. Sew the long edge of an "L" to the bottom left edge of the same unit.

5. Repeat Steps 1 and 2 above to make three more units.

6. Continue with the same construction techniques and complete the three blocks as shown here. Note that the positions of "K" and "L" changes based on the location of each block in the finished quilt. In all cases, the orange "K" or orange triangles are on the outer edge of the quilt and the checkered "L" triangles are in the inner edges of the quilt and connect to Block 2. The block completed in Step 4 is in the middle of the top row of the quilt.

This is the first block in the second row.

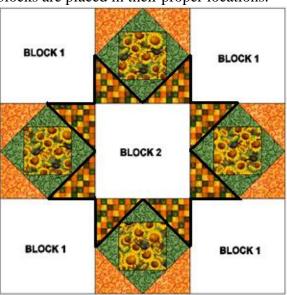

This is the third block in the second row.

This is the middle block in the third row.

This layout creates a secondary design, an eight pointed star made from the checkered fabric when the blocks are placed in their proper locations.
