Assembly

Half Square Triangles (HST)
1. Draw a line from corner to corner on the wrong side of a 3 ⅞” White/Small Black Flowers square.
2. With right sides together, place it on a 3 ⅞” assorted red square.
3. Stitch ¼” from each side of the line.
4. Cut apart on the line and press toward the red. Trim the “ears”. This will give you (2) 3 1/2” HST.

Repeat 53 times, creating a total of 108 half square triangle blocks. (HST)

Blocks
Each block is made with 3 HST blocks and (6) 3 ⅞” assorted squares. Sew 3 1/2 squares and HST as shown, pressing each row in different directions and then sew the rows together.
1. To achieve the subtle gradation of light to dark in the quilt,
2. **20** blocks are made with all dark 3 ½” squares (Block A),
3. **12** blocks are made with all light 3 ½” squares Block B),
4.  **4** blocks are made with light and dark 3 1/2” squares (Block C) in the placement shown. The block measures 9 ½” unfinished. Make 36 blocks.

Use the diagram of the quilt as a guide for block placement. Arrange and rotate your blocks on a design wall or other surface to find a pleasing arrangement. Sew the blocks together in 6 rows of 6 blocks, pressing seams in opposite directions. Sew the rows together.

**Borders**
- Measure your quilt through the middle, both ways, to determine the length of the borders. Measurements are given, however, your quilt may differ slightly in size.
- Add border strips to sides of the quilt first. Press seams toward the borders. Next, add the top and bottom borders.
