## **Making up block**

Lay out all the fabric pieces for each of the blocks.

On block 1 you will have fabric 1 in the top left hand corner with fabric 3 in the bottom right corner, and on block 2 fabric 3 will be in the top left and fabric 1 in the bottom right corner.

Start by sewing in rows the top triangle of fabric 7 to the square of fabric 5. Press your seam to the right.

Next sew the triangle of fabric 7 to the square of fabric 2 and then the triangle of fabric 7 together. This time press your seam to the left.

Then sew the last square of fabric 4 to the triangle of fabric 7. Press again to the right this will help when you sew rows together.

Sew the rows together and then add the larger triangles of fabric 1 and fabric 3 to each side of the panel to make the block.

Sewing 25 blocks in total.

## **Making up quilt**

Lay out all the blocks as in the main diagram

Sew the rows together pressing the seams of each row in the opposite way each time. This will help when you sew the rows together.

Sew the rows together

When you have all your blocks sewn together add the inner borders of fabric 6.

Sew the sides and then the top and bottom.

Now add the outer border again sides and then the top and bottom of fabric 7

Sandwich together the quilt top, wadding and backing.

Quilt by hand or machine as desired.

## **Binding**

Use your favourite method from fabric 7 to bind the quilt
