Block Directions

2 blocks sets 4 x 8. Block size 8" x 12" finished.

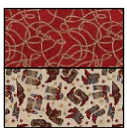

Step 1. On the paper side of fusible web, trace 32 stars. Fuse the freezer paper to the back side of fabric 1. Cut out each of the stars. Fuse one star to the center of each of 32 fabrics 13-17 rectangles (you will have 3 rectangles left over).

Button hole stitch around each of the stars with matching or contrasting thread. Make 32.

Step 5. Sew a Step 1 rectangle to the right side of a Step 2 square to make an 8½" x 12½" block. Press. Make 16.

Make 16

Step 6. Sew the Step 5 blocks together to make a row (Row B). Press. Make 4 rows.

Make 4

Step 7. Starting with Row A, alternate Rows A and B sewing the rows together while matching and pinning seams. Press the row seams all in one direction.

Borders

Step 1. Piece the fabric 2 inner border strips together. Measure horizontally through the middle of the quilt and trim two inner borders the width of the quilt. Sew to the top and bottom of the quilt. Press toward the borders.

Step 2. Measure vertically through the center of the quilt and trim two fabric 18 outer borders the length of the quilt. Sew to the sides of the quilt, pressing toward the borders.

Step 3. Repeat this process for the wider brown outer borders.

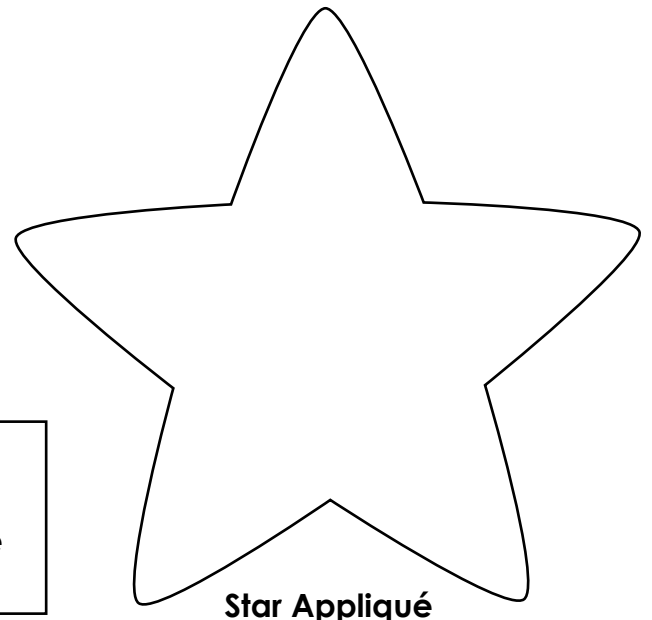

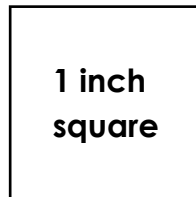

Finishing the Quilt

Step 1. Layer, baste and quilt as desired. Before binding, hand or machine baste (with a walking foot!) a scant $\frac{1}{4}$ " from the edge of the quilt to hold the layers together and prevent shifting.

Step 2. Prepare the binding by joining the strips with diagonal seams pressed open. Fold the binding in half, wrong sides together and press to make a double binding.

Step 3. Sew the binding to the quilt with a $\frac{3}{8}$ " seam, mitering the corners. Trim off the excess backing and batting, then pull the binding to the back side of the quilt and stitch down by hand with matching thread.

The appliqué illustration is the correct size if this box measures 1" x 1".
